

Prakhar Saxena

Gurugram, India

+91 920-502-3683 | saxena.prakhar17@gmail.com | [LinkedIn](#) | [GitHub](#) | prakhars17.dev

Senior Software Engineer with 6+ years building and shipping web products across insurance, travel, and manufacturing. Owns features end-to-end, from product decisions through production, leveraging AI-assisted workflows to accelerate delivery while maintaining quality.

EXPERIENCE

Guardian Life

Dec 2024 – Present

Senior Software Engineer

Gurugram, India

- Rebuilt the dental cost estimator (Next.js 15) using agentic development (Claude Code), shipping in-network vs out-of-network cost comparisons that steer members toward lower-cost care and lifting task completion past 75%
- Shipped MVP via feature-flagged rollout (LaunchDarkly), reaching full launch across 4M+ eligible members with a 100K+ active user base, meeting WCAG 2.1 AA accessibility as the launch gate
- Led development across multiple modules of the member dashboard revamp (Next.js 15) serving 5M+ registered members, with online CSAT tracked as the primary success metric (Qualtrics)
- Maintained 85%+ code coverage (SonarQube Platinum), ~25% above team baseline

Classic Informatics

Feb 2021 – Dec 2024

Software Engineer

Gurugram, India

- Led development of a mobile SPA for a B2B/B2E travel agency (TypeScript, React.js, Redux, Chakra UI), converted to PWA and published on App Store/Play Store, generating ~ US\$180K in revenue in the first quarter
- Optimized Core Web Vitals through code splitting, lazy loading, and bundle size optimization, reducing page load time by 25%
- Mentored a team of 4 developers through code reviews, testing, and knowledge transfer, reducing defects and improving delivery

Freelance

July 2020 – Feb 2021

Front-end Developer

Remote

- Built two MVPs for an Australian steel manufacturing client (JavaScript, React.js, Redux, Material UI): order/inventory monitoring and asset inspection, with role-based access for admins, supply chain managers, planners, and inspectors

EDUCATION

Jaypee Institute of Information Technology

July 2016 – July 2020

B.Tech / Bachelor of Engineering – Electronics and Communications

Noida, India

SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3, Sass
- **Frameworks & Libraries:** React.js, Next.js, Redux, Material UI, Tailwind CSS
- **Backend & Infra:** Node.js, PostgreSQL, Redis, MongoDB, Docker, REST APIs
- **Tools:** Claude Code, LaunchDarkly, SonarQube, Vite, Webpack, Jest, React Testing Library, Git, Jira
- **Practices:** Agile, Code Reviews, Team Leadership, WCAG 2.1 AA, Performance Optimization
